***RCRW Mission Statement***

*Promote an informed electorate through political education. Increase the effectiveness of women in the cause of good government through active political participation. Facilitate cooperation among Republican women of Texas. Foster loyalty to the Republican Party and promote its ideals. Work for the election of the Republican Party nominees.*

***FROM THE PRESIDENT***

The March 1 Election Night is over, and thank you to all who were on the ballot. We appreciate your dedication, hard work, and commitment. Congratulations to all the winners throughout our County and State. I know you will continue the Republican fight. Please don't forget that we have multiple races in the May runoff election.

According to rockwallvotes.com, there are 75,000.00 registered voters in Rockwall County and only a little over 16,000 voted. Out of that number, a little over 14,000 were Republican. Ask yourself why is that? We are so lucky to live in the United States and have the right to vote in our elections. Ukrainians, fighting for their freedom,

should be our motivation and reminder of just how important and precious our right to vote is. As Republicans we still have work to do to energize our Republican voters.

As a challenge to all of us, our races for County Judge and County Commissioners will impact Rockwall County for many years. Ask yourself, what can I do to spread the word on how important it is to vote. Check out rockwallvotes.com for more information.

As a reminder, this month we do not have a General Meeting or a Happy Hour. We are having our Membership BBQ Block Party on March 18, 2022, at The Center. This is a free event, but we are asking for underwriters to offset the cost; however, all monies we raise that night will directly go to our scholarship fund. There will not be a formal program. I hope you will join us for an evening of food, music, fun, great conversation, opportunity to join RCRW, and a last chance to support our scholarship fund. See the flyer herein for more information.

We are also very excited to now have a texting program so that we can send you reminders and important information. We are using "Remind" program/app. Directions are listed herein. Please contact me or any other Executive Committee member if you have any problems registering for texts.

I look forward to seeing you on March 18.

**CLUB SECRETARY/PARLIAMENTARIAN**

Greetings to everyone!

With spring just around the corner, it's an exciting time of year. The trees and flowers will soon be in bloom, and the temperature will rise for that week or two in Texas that is just perfect. As most of you know, in addition to my duties of Club Secretary, I have agreed to take on the role of club Parliamentarian. Along with most organized clubs, The Rockwall County Republican Women's club operates under and adheres to Roberts Rules of Order for conducting its meetings. The basic principles of Roberts Rules of Order are to ensure that all members have the right to participate in discussion if they wish, before anyone may speak a second time, that all members have the right to know what is going on at all times, and that only one thing (motion) can be discussed at a time. As club Parliamentarian, it will be my responsibility to have thorough knowledge of the club's governing documents, which are the club by-laws and the club standing rules, and advise the club President, officers, committees and members on parliamentary procedure. If you have any questions at all regarding parliamentary law, Roberts Rules of Order, or the clubs By-laws or standing orders, please don't hesitate to reach out to me.

**ROCKWALL COUNTY UPDATE**

16,186 total ballots were cast in Rockwall County during the primary, 13,626 in the Republican Primary. With 75,000 registered voters, that is 21.58 percent of the registered voters. Several races were decided outright during the Republican Primary locally. Congratulations are in order to Rockwall County District Attorney Kenda Culpepper, Rockwall County District Clerk Lea Carlson, Rockwall County Clerk Jennifer Fogg, Rockwall County Treasurer David Peek and Rockwall County Precinct 2 Justice of the Peace Cathy Penn who were all unopposed in the Republican Primary and do not have a Democratic opponent in November; Congratulations to Tony Norton who won the Republican Primary and did not draw a Democratic opponent in November, so he will take office in January as the Rockwall County Justice of the Peace Precinct 1.

Congratulations to Congressman Pat Fallon, State Representative Justin Holland as well as Dana Macalik, who won the Republican Primary for Rockwall County Commissioner Precinct 2 and will be in contested races with Democratic opponents in November. Congratulations are also in order to State Senator Bob Hall who was unopposed in the Republican Primary and will have a Democratic opponent in November.

All statewide races were decided in the Republican Primary, except the Race for Attorney General. Incumbent Ken Paxton will advance into the runoff with George P. Bush. Locally I will be in a runoff with Frank New for the Republican nomination for Rockwall County Judge and Janet Nichol, Rockwall County Commissioner in Precinct four will be in a runoff with John Stacy. Thank you to all candidates who filed to run for office and were willing to serve the citizens of Rockwall County.

The runoff elections will be on Tuesday, May 24<sup>th</sup> and early voting will be held Monday, May 16<sup>th</sup> thru Friday, May 20<sup>th</sup>. We did have voters with strong history of voting in the Democratic Primaries cross over in this primary, so it is extremely important that all Republicans get out and vote in the runoff elections! For details on these elections as well as all other results, please visit [Rockwallvotes.com](http://Rockwallvotes.com).

It truly is an honor serving as the Rockwall County Judge. You are always more than welcome to call or email me or simply stop by my office. **SENATE DISTRICT 2****The Unintended Consequences of Senate Bill 6**

On a wall in my Capitol office hangs a picture of the U.S. Capitol with the caption, *Government: If You Think the Problems We Create are Bad, Just Wait Until You See Our Solutions.*

No truer words could be said about the government response to the COVID-19 pandemic. When the Texas Legislature met in 2021, a priority bill was Senate Bill 6 (SB 6), relating to liability for claims arising during a pandemic or a pandemic-related disaster.

To be sure everyone was covered, the bill provided liability protection to doctors, hospitals, nursing homes, and health care providers for any treatment of, or failure to treat, patients during the pandemic. Drug and medical device manufacturers were given liability protection for any drugs, medicines, vaccines, tests, and medical devices used. Manufacturers were given liability protection for commercial cleaning supplies. Individuals, if they followed government protocols, were granted liability protection from damages arising from exposing others to infection. And academic institutions were allowed to keep students' money even if they failed to provide a service if the cancellation of that service was due to the pandemic.

SB 6 passed with overwhelming majorities in both the House and the Senate. A few state representatives voted "no" in the House, while I was the lone "no" vote in the Senate. I did not deny the extraordinary need for some protection, considering the extraordinary circumstances. Rather, I objected that the protections advanced, coupled with the state's tough medical tort reform measures of the early 2000s, made any recourse for individuals unobtainable.

Even I, when I voted "no," had no concept of just how egregious the situation the legislature was creating would become. We watched as nursing homes denied visitation and family members stood outside the windows of their loved ones' rooms trying to communicate. We condemned our elderly to solitary confinement and deprived their loved ones of precious time at the end of their lives.

Reports of hospitals denying visitation, horror stories of coercive vaccinations, forced use of undesired drugs, and neglect continue to roll into my office. In most cases, the issues raised will not result in hospitals or doctors being held accountable because of the immunity provided in SB 6. The reality is the only doctors being called to task for their actions are those who choose to provide preventative and early intervention treatment with safe, effective, and inexpensive therapeutics like HQC, IVC, and Budesonide. They are the only ones who are being called before licensing boards for so-called breaches of the standard of care. While not all of these complaints result in doctor punishment, the mere initiation of a Texas Medical Board investigation on one doctor has a chilling effect when that doctor must hire an attorney to defend his or her actions. It takes many hours and thousands of dollars to hire an attorney to respond to each complaint.

Texas had problems with its education system before the COVID-19 pandemic. SB 6 compounded these problems by giving immunity to any education institution that chose to modify a course, program, or activity during the pandemic emergency. While this seemed a reasonable move, it also allowed schools to close and move to unstructured online education. And, while some educators made heroic efforts to provide workable online instruction, data show a decrease in performance by students in all subject areas. Universities chose to take advantage of the situation to move classes online, shut dormitories, and close dining halls without having to refund fees to students. Before the pandemic, universities issued refunds if students withdrew by specific dates. Parents are rightfully outraged that they are paying for a reduced college campus experience delivered via the internet. The decline in academic achievement may eventually prove to be one of the highest costs of the pandemic.

Prior to SB 6, Texas tort reforms in 2013 made it extremely difficult to hold doctors or hospitals accountable for

God Bless Texas!!!

malpractice, no matter how egregious they may have acted. SB 6 essentially removed all individual rights and rendered the medical profession bullet proof, not only against malpractice suits but also against violations of individual's human rights.

We must never again forget that the Government is instituted for the protection of the rights of individuals, not businesses, hospitals, or drug manufacturers. These entities should be regulated fairly but not unduly, and definitely not at the expense of individual rights. The purpose of having three branches of government is that they will hold each other accountable for the use of power. The Texas Legislature failed in its responsibility to provide a check upon the executive branch during the pandemic.

*Senator Bob Hall, SD 2*

.....  
**HOUSE REPRESENTATIVE**

**THANK YOU TO ALL OF OUR SUPPORTERS!**

The results are in and we won. Big. Because of you, with nearly 70% of the vote, I've won the Republican nomination for the November 2022 General Election.

I'm humbled and appreciative of the 6,500 vote margin victory (greater than 5,000 in my home county). This sends a resounding statement that you all approve of the good work we are doing for Texas in the Legislature. I appreciate your vote of confidence and will continue to represent HD-33 (in its entirety) with the honor that you expect of me.

I look forward to forging new alliances and relationships in Plano, Richardson, Murphy, Sachse and Wylie over the coming months. Your vote

and voice matters.

Thank you most of all to my wife Neely and my girls. They serve alongside me and are my support system.

Thank you to Team 33; Bob, Jenni, Alex and Rusty. To all of our volunteers and the Statesman Committee. Your hard work made a huge impact at the polls, at the doorstep and in the community.

Thank you to my mom, my business partner Leighton, Mel and the rest of the team at the real estate firm for their support.

Thank you to all of you who picked a side in the primary when it was uncomfortable and tough, stood with me and remained loyal to us throughout this process. I will not forget that.

God Bless Texas!

**TFRW REPORT**

TEXAS FEDERATION  
of  
*Republican Women*

I love sitting down with a big bowl of popcorn and watching election results with my husband and our dog Bevo. Can you guess where we went to college?

I always look forward to watching the results, but my excitement is dampened by the situation in Ukraine. I am saddened and angered by the images of suffering, disbelief, and devastation on the news, and I cannot stop thinking of the young mother I saw interviewed in a shelter with her three children.

But, as another day of Russia’s invasion unfolds, we continue to see Ukrainian civilians determined to fight for their families, their homes, and their freedoms. The great bravery and relentless spirit of unity of the Ukrainian people in the face of this invasion is nothing short of a miracle.

Peace comes through strength, and it appears Russia may have underestimated the strength, bravery, and determination of the Ukrainian people to fight for peace and freedom. It is impossible to know if the Ukrainian people will prevail against the Russian forces, but I pray they will. What a powerful statement that would make to the world!

Democracy is fragile and must be defended. Unlike Ukraine, we are under attack by forces from within our own country. It is critical that active citizens fight for our 1st and 2nd Amendment rights, as well as other rights to protect our freedoms. Active citizens who understand basic moral principles — right from wrong, good from bad — and who take the time to research and support candidates who will act on those principles are needed. It is our responsibility as TFRW women to be those citizens, to have the determination and courage to fight for our country, and to educate our friends and family to do the same.

Are you willing to sacrifice your time and talents for such a time as this? It is my prayer that with a relentless spirit of unity, TFRW women will focus solely on our mission and work to increase membership so that we can educate others and elect Republicans who will stand up for our freedoms and values.

*John 14:27 - Peace I leave with you; My peace I give to you; not as the world gives do I give to you. Do not let your heart be troubled, nor let it be fearful.*

Thank you for the honor of serving you.  
Building Strong Leaders for Texas,  
Kit Whitehill
